SUPPLEMENT

to Participant Guide Version 4.0

IMPORTANT GUIDANCE FOR THE C2E 4.0 SUPPLEMENT

This supplement is to be used with the Career and Credential Exploration (C2E) version 4.0 Participant Guide.

The 21-page digital supplement **replaces pages 26-52** in Section 3 of the C2E 4.0 Participant Guide document. Both the digital and printed editions of the C2E 4.0 require this supplement, reflecting April 2025 enhancements to the CareerScope[®] assessment.

The revised C2E Participant Guide version 4.1, available in electronic and printed formats, replaces both the version 4.0 and its Supplement incorporating all updates.

USING CAREERSCOPE® TO IDENTIFY YOUR APTITUDES

CAREERSCOPE® APTITUDE ASSESSMENT OVERVIEW

When you joined the military, you may recall taking an aptitude test, such as the Armed Services Vocational Aptitude Battery (ASVAB), the Aviation Selection Test Battery (ASTB), or the Air Force Officer Qualification Test (AFOQT). Those tests specifically assess your natural abilities in different areas and find your suitability for various military occupations.

Now, as you are completing your military service, it is worth using a different aptitude assessment to take a fresh look or gain a new perspective at how your strengths align with a broader array of civilian careers.

CareerScope[®] is a career planning tool created by the Vocational Research Institute. Through valid and reliable assessment tasks, it uses a 12-scale interest inventory and a seven-part, timed aptitude battery. This dual measurement feature sets CareerScope[®] apart from other assessment tools and provides a truer picture of your career potential.

Once you have completed the assessment, CareerScope[®] sorts through a broad range of categories, from artistic to physical performing, to show you the interests and occupations that most closely match the types of tasks you showed you would enjoy the most. CareerScope[®] compiles your results into a multi-page report. Because your results are highly personalized, your report may be anywhere from 10 - 40 pages long.

ASSESSMENT PROFILE

The report you receive after completing your assessment is the Assessment Profile Report. The document consists of three sections:

- **INTEREST INVENTORY**. Shows high interest areas that are most attractive to you.
- **APTITUDE ASSESSMENT**. Measures your natural abilities in relationship to tasks and displays your relative strengths.
- RECOMMENDATIONS. O*NET[®] career recommendations follow your interests and natural abilities results.

CAREERSCOPE® ASSESSMENT PREPARATION

Pay attention to any instructions on how to take each assessment.

Complete all practice tasks prompted by CareerScope[®]. Try to work both accurately and quickly through each task. There will be a section to calibrate the assessment to your responses.

Do not be concerned if you are not able to answer all questions in the time allotted.

As you complete the assessment, keep in mind that:

- 1. Your phone is on silent and set aside.
- 2. You may NOT use your phone, calculator, or computer for the math sections.

Using a calculator can alter your aptitude or natural ability results, which in turn can affect the career recommendations you receive. For instance, relying on a calculator might lead to suggestions like becoming a Math Teacher or pursuing math-related careers.

- 3. CareerScope[®] typically recommends having 2-3 pages of scratch paper available for notetaking and calculations. Your PG includes scratch paper pages.
- 4. It is best if you use a mouse instead of a laptop's touchpad.
- 5. If you are in an open or public area and do not have headphones, ensure you mute your computer and switch to closed captioning.
- 6. This may feel like a test, but it is a timed assessment. You may wish to take a break before starting.
- 7. The full assessment will take approximately 50 minutes to complete.

Complete the series of timed tasks. Each section has a specific time allotted to it.

When finished, go to **My Results**, and click the **Download CareerScope Report** button. Your results consist of a CareerScope[®] Assessment Profile Report.

It is important to note that your results are highly personalized and are not better or worse than anyone else's.

Your results will be available for ONLY one year.

Save your results as a PDF document for future access.

ACTIVITY 3.1: CAREERSCOPE® ASSESSMENT

STEP 1. Go to DOL CareerScope® Assessment Portal, TAP.CareerScope.com

STEP 2. Login to CareerScope®.

If you have previously registered for an assessment with your email address and are logging back into the application, please enter your email and your password in the **Sign In** area and then click the **Submit** button. Reports are available in the **My Results** section for finished assessments.

Note for return logon: If you cannot remember your password, you must use the "Forgot Password" choice below the Sign In area to request a password reset email.

If you are NEW to CareerScope® or retaking the assessment with a new email address:

- Enter the email address and password. Passwords must be a minimum of 6 characters and may have some special characters.
- Write down the email you have used and your password in case you need to return to your assessment.

Email Address: _____

Password:

STEP 3. Complete the My Profile section.

Please wait for the facilitator's guidance to ensure that there are no last-minute questions or interruptions, and everyone can start the assessment together.

Ensure you have taken a break and are prepared for the assessment.

STEP 4. CareerScope® Assessment begins.

Select the section you will begin first, i.e., the Interest Inventory section or the Exercises.

Interest Inventory:

• This section is untimed but should be answered based on your first reaction to each item.

Exercises (aptitude exercises):

- There are two practice items at the beginning of each exercise to help you understand the exercise task.
- The assessment is timed, and aptitude exercises cannot be paused once begun.

Saving and Emailing Your CareerScope® Report

Once you have completed your CareerScope® assessment, you will receive a detailed report outlining your results.

To save your report, click on the "Save" button found at the top right corner of the report screen.

- Choose a location on your computer or device to save the file.
- Give it a recognizable name, such as CareerScope_Report_YourName.

To email your report, open your email application and create a new email.

CAREERSCOPE® INTEREST RESULTS REVIEW

What are your top Interest Area results?

Since the report results are highly individualized, no two reports are alike. However, each report includes all 12 interest areas. The following chart defines the **12 interest areas** measured by CareerScope[®]. Each area includes a definition along with examples of related occupations.

| INTEREST AREA | DEFINITION | OCCUPATIONAL EXAMPLES |
|----------------------|--|---|
| Artistic | An interest in creative expression of feelings or ideas through literary arts, visual arts, performing arts, or crafts. | Writer, Painter, Actor, Editor, Dancer, Singer, Graphic Designer, Set Designer |

CAREERSCOPE® APTITUDE RESULTS REVIEW

To help tailor career recommendations even further, the CareerScope[®] assessment aligns six major aptitude areas with the specific job tasks required in different occupations.

When making recommendations, CareerScope[®] matches your relative strengths with the combination of aptitude areas needed for each occupation.

Your performance on tasks is compared to other adults aged 18 and older. The space between the two vertical black lines stands for the average range performance for adults. The bars that extend farthest to the right reflect your strongest abilities.

The following chart defines the six aptitude areas measured by CareerScope[®]. Each area includes a definition and examples of related job tasks. CareerScope[®] helps you find tasks you would enjoy the most.

| APTITUDE | DEFINITION | SPECIFIC JOB TASK |
|---|--|--|
| General Learning General Learning | The ability to catch on or understand instructions and underlying principles; ability to reason and make judgments. Closely related to doing well in school. Examples : Use logic or scientific facts to define problems and draw conclusions; make decisions and judgments; plan and supervise the work of others. | Diagnose and treat illnesses or injuries; use facts to solve a crime; plan the layout of a computer network; inspect and test engine parts. |

- 21-0000 COMMUNITY AND SOCIAL SERVICE OCCUPATIONS. This is the O*NET[®] Career Cluster that the recommended occupations belong to. A brief description of the Career Cluster is below the title.
- Occupational Unit Title. This column includes the O*NET[®] name for the recommended occupation. There are over 1,000 occupational titles in the O*NET[®] database.
 - A blue circle shows that your adjusted scores qualify for the recommended job. This means that your aptitude meets the employment and training standards for that occupation.
 - A blue circle with a check mark means that your aptitudes qualify for the recommended job. This shows a higher probability that your aptitude meets employment and training standards for that occupation. So, consider the recommended occupations with the circle and the check mark as best fits based on your aptitude results.
- 3 The OU # column includes the Occupational Unit number assigned to that occupation. This number is a hyperlink that will take you directly to the O*NET[®] occupation report page for that occupation.
- 4 The Job Zone column stands for the educational requirements for that occupation. Your report includes a full description of each of the 5 Job Zones.
- 5 The Interests column includes the icons for the Interest categories.

The first occupation Shondra explored was the **Special Education Teachers**, **Preschool** recommendation, and the secondary exploration was towards the **Postsecondary Architecture Teachers** recommendation.

Shondra decides that she does not want to work in education, particularly related to Plants/Animals, so she instead explores other careers within her scientific and humanitarian areas of interest.

This also aligns with her military experience.

ACTIVITY 3.5: USE O*NET[®] TO CONDUCT FURTHER CAREER RESEARCH

What careers match your Interests and Aptitude Areas in CareerScope®?

STEP 1. Review the occupations of interest in your report. Begin with the occupations marked with a blue check mark, then review those with a blue circle.

• Use the hyperlinks in the digital version of your report to explore detailed job descriptions, needed skills, and career pathways.

STEP 2. Select a job title to review the occupation's information.

• Consider how these roles match your personal goals and values.

ACTIVITY 3.6: LIST YOUR TOP 3 CAREERS FROM CAREERSCOPE[®] IN YOUR WORKSHEET

Find **your** top three careers that match your interests and aptitudes and that you would like to explore further. Enter those in the **Putting the Pieces Together** worksheet section or in the table provided:

USE O*NET® TO CONDUCT FURTHER CAREER RESEARCH

Your CareerScope[®] report provides career recommendations based upon the overlap of what you enjoy doing with your ability to learn. CareerScope[®] matches your aptitudes and interest profile with a database of careers and specific job titles to help you discover a best-fit career.

In addition to using the hyperlinks in the digital version of your report, you can explore other career opportunities by conducting an O*NET[®] Occupation Keyword search.

- 1. Visit O*NET®, https://www.onetonline.org/
- 2. Find the Occupation Keyword Search section.
 - a. Enter a keyword or a job title, such as Special. Select Special Education Teachers, Preschool or another occupation from the dropdown choice.
